INTERIM REPORT 2023/24

CHARACTERISTICS OF GEM OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE “STOCK EXCHANGE”)

GEM has been positioned as a market designed to accommodate small and mid-sized companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration.

Given the companies listed on GEM are generally small and mid-sized companies, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board of the Stock Exchange and no assurance is given that there will be a liquid market in the securities traded on GEM.

Hong Kong Exchanges and Clearing Limited and the Stock Exchange take no responsibility for the contents of this report, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this report.

This report, for which the directors (the “Directors”) of Wisdomcome Group Holdings Limited (the “Company”) collectively and individually accept full responsibility, includes particulars given in compliance with the Rules Governing the Listing of Securities on the GEM of the Stock Exchange of Hong Kong Limited (the “GEM Listing Rules”) for the purpose of giving information with regard to the Company. The Directors, having made all reasonable enquiries, confirm that to the best of their knowledge and belief the information contained in this report is accurate and complete in all material respects and not misleading or deceptive, and there are no other matters the omission of which would make any statement herein or this report misleading.

NOTES TO THE UNAUDITED CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS

1. Basis of preparation

The condensed consolidated financial statements have been prepared in accordance with Hong Kong Accounting Standard 34 (“HKAS 34”) “Interim Financial Reporting” issued by the Hong Kong Institute of Certified Public Accountants (the “HKICPA”) as well as the applicable disclosure requirements of Chapter 18 of the Rules Governing the Listing of Securities on GEM of The Stock Exchange of Hong Kong Limited.

The condensed consolidated financial statements have been prepared on the historical cost convention, as modified by the revaluation of certain financial instruments, which are measured at fair values, as appropriate.

Other than additional accounting policies resulting from application of amendments to Hong Kong Financial Reporting Standards (“HKFRSs”), the accounting policies and methods of computation used in the condensed consolidated financial statements for the six months ended 30 September 2023 are the same as those presented in the Group’s annual financial statements for the year ended 31 March 2023.

Application of amendments to HKFRSs

In the current interim period, the Group has applied the following amendments to HKFRSs issued by the HKICPA, for the first time, which are mandatorily effective for the Group’s annual period beginning on 1 April 2023 for the preparation of the Group’s condensed consolidated financial statements:

HKFRS 17 (including the October 2020 and February 2022 Amendments to HKFRS 17)	Insurance Contracts
Amendments to HKAS 8	Definition of Accounting Estimates
Amendments to HKAS 12	Deferred Tax related to Assets and Liabilities arising from a Single Transaction
Amendments to HKAS 12	International Tax Reform – Pillar Two Model Rules

The application of the amendments to HKFRSs in the current interim period has had no material impact on the Group’s financial positions and performance for the current and prior periods and/or on the disclosures set out in these condensed consolidated financial statements.

The interim results are unaudited but have been reviewed by the Company’s audit committee.

Money Lending Business

The economic activities and business sentiment have been affected by the novel coronavirus infection. Many enterprises suffer from a plunge in business turnover, resulting in a liquidity problem, in particular those small and medium enterprises which have difficulty in obtaining commercial bank loans due to their scale of operation. This may provide potential opportunities for licensed money lenders, particularly when banks’ attitudes have become more conservative under the worsened economic environment, notwithstanding that the Group has become more cautious in its lending given the weakening economy in Hong Kong which may give rise to more bad debts in the industry.

Retail and Wholesale Business

The Group is operating 4 retail shops which located in Wanchai, Lai Chi Kok, Kowloon Bay and Tai Po and online business for the sales of grocery products. Beyond the general products like frozen food, the Group will focus more the in-house ready-to-eat products for the public.

During the severe epidemic period, peoples reduced their social life and went out to eat, and tried to stay at home to cook. Therefore, peoples began to suffer from anti-epidemic fatigue for a long time. After the fifth wave of the covid-19 epidemic has subsided, the Government has begun to loosen social distancing, and peoples have begun to resume social life and dining out more. However, the reduction of cooking at home has directly affected the revenue of the retail and wholesale business of the Group. The revenue from sale of goods decrease of approximately 34.7% as compared to the corresponding period in 2022. Furthermore, there are many new competitors with similar business model in the market, resulting in severe competitions.

Revenue for this segment for the six months ended 30 September 2023 was approximately HK\$16.8 million and the corresponding period in 2022 was of HK\$25.8 million.
